Report Card Information – November 2021

Dear Parents and Guardians,

Elementary report cards will be available on **Monday, November 29th after 3PM**. You will find your child's report card on the [Campus Portal](#). Once you have logged into the portal, choose which child you would like to view from the top drop-down menu that states **Select a Student**. Then, in the left-hand column, click on reports.

At Primrose, the purpose of the report card is:

- To improve communication between the school and the families.
- To ensure that our report card reflects current instructional practices and assessments.
- To strengthen alignment between the grade levels.
- To provide feedback on student progress towards mastery of grade level expectations.

Student progress is scored using a rubric that contains the necessary content and skills for that marking period. You may see 3's and 4's in the first marking period and 2's and 3's in the next marking period because the expectations for what children need to know and be able to do will grow across the school year. Students are assessed with regard to expected knowledge and skill at each trimester. You should be pleased to see your child performing at level 3. Please see the [Report Card](#) section of the website for additional information.

As you review your child's report card, please keep in mind that there are **grade level standards** that children are working toward. That grade level standard has been impacted here at Primrose and nationally due to disruptions during COVID. Our teachers are working hard every day to help students' make-up for time lost and most importantly to continue to help students grow in their acquisition of grade level skills and strategies.

Please review your child's report card prior to your upcoming parent-teacher conference. We hope our report cards provide you with an accurate picture of your child's progress.

Sincerely,
Katie Winter & Meg Benedetto
