Forward in Excellence

**Safety/Security Presentation
Board of Education
December 12, 2017**

Safety

Safety is defined as freedom from
occurrence or risk of injury,
danger or loss.

Safety/Security Drills

Students and staff continue to practice the following safety drills throughout the year:

Lockdown Drill

Lock-out Drill

Shelter in Place Drill

Hold in Place Drill

Evacuation (1 to incl. Relocation)

Bus Evacuation Drills – student training

Additional Safety Measures

- Continue to perform Building Safety/Security Audits
- AED Upgrades again in 2017
- Additional security cameras on campuses
- Check-in at Security Desk
- Raptor Software and ID System
- School Resource Officers (3rd year of 5yr term)
- SHS Vestibule complete

Future Safety/Security Training

- “Civilian Response to Active Shooter Training” (Phase 1 Train the Trainer April 2017)
- Phase 2- Trainers now training staff- March 2018.

+ School Building Safety Moving Forward

- Frank Guglieri- P/NW BOCES Regional Safety Director to discuss the future of school safety

THE FUTURE OF SCHOOL SAFETY

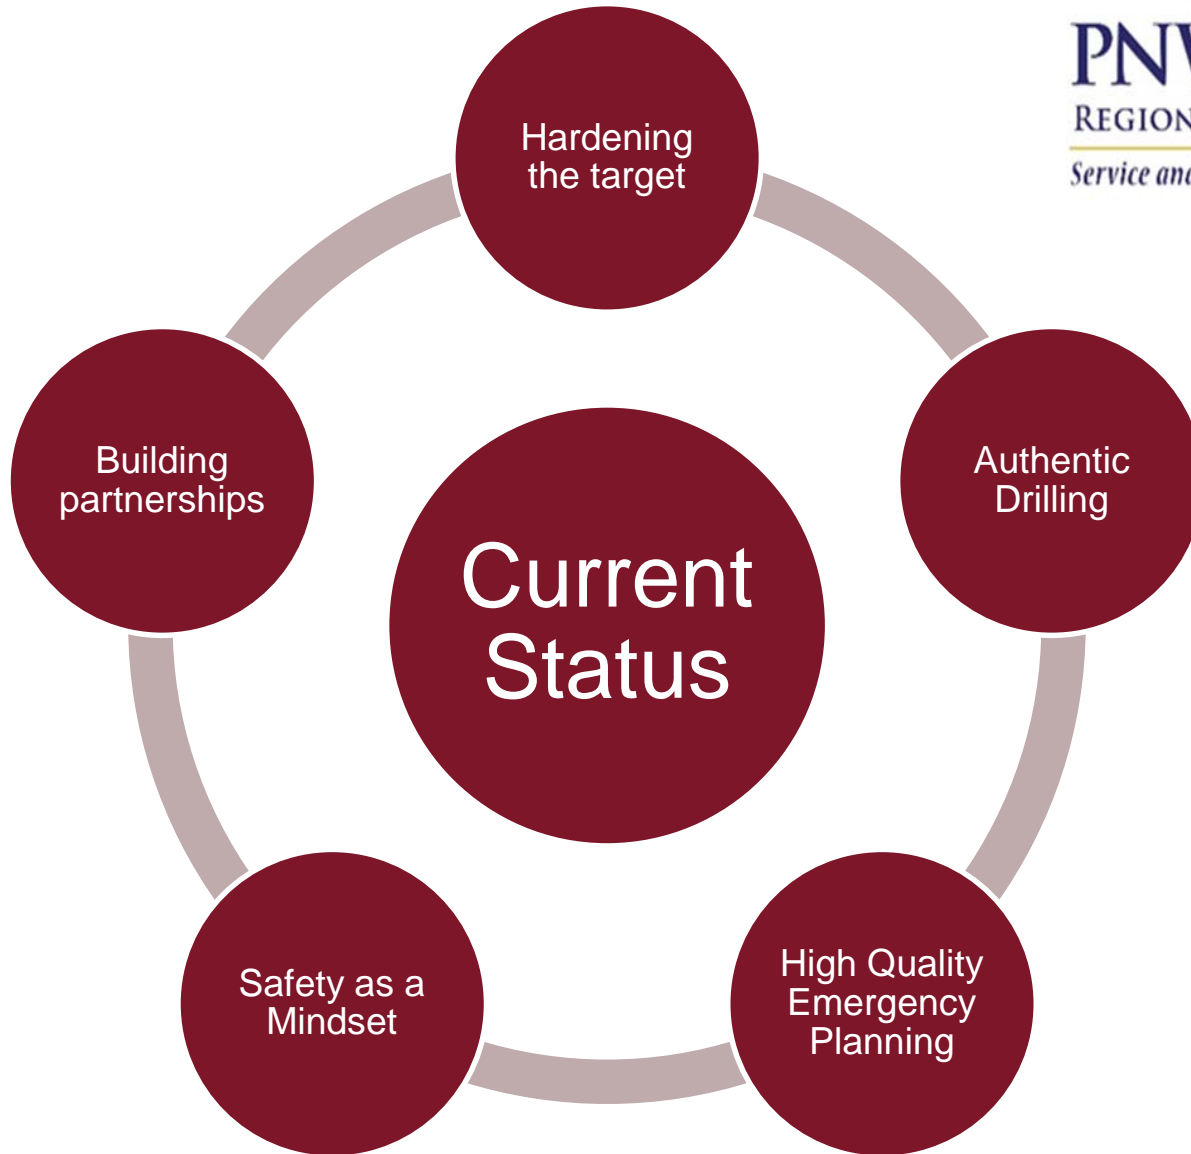

SCHOOL SAFETY IN NYS

- Safety *TODAY* is not safety *YESTERDAY*
- Multiple state mandates since 2015
- Many planning and training demands placed on districts
 - ERP Template mandate (Building & District)
 - NYSED Portal mandate (Building)
 - ICS training mandate
 - ERP (and Mental Health) Training mandate
