What were your thoughts when the first COVID-19 cases were being diagnosed in China? Did you expect it to spread to the US?

No I did not.

How have things changed for you and/or your family since the outbreak?

We are now confined to our homes,

For you, what is the worst thing about this?

Not being able to be out in the real world.

In your experience so far, what, if anything, has been positive about this?

Being able to sleep in.

Tell us about a moment or experience during this time that you will never forget.

The first time I had to wear a mask when going out.

Pretend it is the year 2050 and another pandemic is looming--what would you tell someone who has just asked what it was like to live through the 2020 pandemic?

It was boring and I felt like I was losing my mind.
