

Dear Families,

Welcome to first grade! I am Rachele Lopatka, and I am excited to be your child's teacher this year. First grade is an incredible adventure, filled with wonderful experiences and exciting milestones. This year your child will be reading books, writing stories, solving math problems, and investigating the world around them. They will also be making new friends, becoming a more independent learner, and having lots of fun. Every year I marvel at the growth and progress made by the children. It is truly amazing to watch, and it is one of the main reasons why I love teaching first grade.

I look forward to working together to make your child's first grade experience a GREAT one! Enjoy the rest of the summer and I will see you in September.

Kindly,
Rachele Lopatka 😊
