

Dear Parents,

Birthdays are always a special time. Children love to celebrate their special day in school with their friends and teachers. Due to Covid restrictions, we are not allowed to celebrate birthdays this year with food and families unfortunately cannot join us at school. With that said, we still want to make each child feel special on their birthday.

The birthday child will be the special class helper and line leader for the day. They will also be given a birthday crown and a birthday sticker to wear. I'd also appreciate it if you send in a favorite book of your child's. The class will enjoy listening to the book and then we'll wrap up the celebration by singing Happy Birthday.

Sincerely,
Mrs. Maliniak
